

DEPARTMENT OF WESTERN CLASSICAL CULTURE & CHRISTIAN CULTURE

JULY 20, 2022
FACULTY OF HUMANITIES
University of Kelaniya, Kelaniya

Department of Western Classical Culture & Christian Culture

1.1 Vision and Mission

The aim and objective of the department is to produce students of a higher intellectual quality with a human understanding and outlook of issues to enable them to observe beyond the surface. This is mainly done through the analytical and critical study of the classics and its environment in which it flourished.

In addition to that we expect to produce employable graduates of a higher intellectual quality who are able to develop deep into the mystery of being human while living socially through the application of scientific methods developed by human and social sciences.

1.2 Study Programmes

1.6 Programme /Course Specifications

1.6.1 Programme Learning Outcomes

Western Classical Culture

- To be able to solve problems of identification, dating, interpretations, etc of freshly excavated material / new discoveries and provide insights pertaining to early civilizations of Greece and Rome and related cultures.
- To be able to identify, read and decipher ancient numismatic and other documents of social and historical value.
- To be able to utilize the vast classical database and textual repositories and to be able to upload research material, engage in on-line discussions with centres of classical scholarship.
- To be able to read, understand and interpret the historical contexts of literature in their original languages of old Greek and Latin.
- To be able to engage in independent, multi-disciplinary research in fresh areas of inquiry.
- To be able to proceed to studies locally or abroad in the Classics or in related disciplines.
- To be able to apply the methods of historical and cultural investigation in a multi-disciplinary context to social and historical phenomena in any cultural setting.
- To be able to solve problems arising from cultural integration and related issues.

Christian Culture

- Apply the knowledge on fundamental concepts and the principles of Christian Studies acquired to contribute towards nation building particularly peace, harmony and the good order of society.
- Demonstrate critical comprehension of various multidisciplinary perceptions in relation to the humane expressions of the teachings of Christianity including feminist theology, conflict reconciliation and ecology.

- Apply critical comprehension of the classic sources and their subsequent articulations by some interpreters of the tradition(s) in different historical periods and in different social or geographical settings as a basis to create new knowledge.
- Analyse critically the primary and secondary sources of Christian studies and where appropriate also from related disciplines in humanities and social sciences as a basis for a contextual interpretation.
- Collaborate with different traditions within Christian Churches and theologies with mutual respect and acceptance.
- Apply effective communication skills in Information and Communication Technology (ICT) to express ideas, arguments, principles, theories learnt in class reinterpreted on the basis of the experiential knowledge acquired through field exposures and contextual engagement in an action-reflection process with clarity in written, oral and visual means to an intended audience physically and virtually.
- Realise personal as well as community life goals and achieve career success through lifelong learning while contributing to the country as responsible and mature citizens.
